Scott Kraehling, Doña Ana County Clerk, and Angelica Valenzuela, Doña Ana County Clerk's Office Recording and Filing Supervisor, will be presenting our July program. They will discuss various records kept in the office; how to search and access documents online and in person; and their ongoing efforts to increase access. They will have historic archives on display for viewing.

Angelica Valenzuela, was sifting through boxes of obscure records when she came across a faded document identified as the 1908 coroner's report for the death of Pat Garrett. The presentation will be followed by a tour of the records room, for those who are unfamiliar with it. Bring your notebook and camera!
